

BROW COVER / ROOF MOUNT KIT

Brow Cover \$25.00

The brow cover hides the preprinted “Command Post” designation and allows the user to customize the vehicle identification by sliding a different title into the clear vinyl sleeve; e.g., OPERATIONS, HAZMAT, or FIRST AID.

Typically, most SUVs and minivans have a roof rack, which allows for easy installation of the Bumperchute. A roof mount kit is only needed for vehicles without a roof rack. Certain Ford vehicles may need Ford Eye Loops—call Bumperchute Co. toll-free 1-866-232-8189 to see if your Ford needs the eye loops vs. a roof mount kit.

Roof Mount Kit \$20.00

Kit includes:

- 2 each Over-sized suction cups (for immediate use)
- 2 each rivets (for permanent mounting)
- 2 each neoprene washers
- 2 each eye bolts
- Rivet setting tool
